# Skin Health, Glow & Wellbeing

## Dermalogica Professional Treatments

All Dermalogica treatments begin with a professional skin consultation and face mapping analysis to identify individual skin needs. Treatment selection and customisation are guided by Dermalogica Face Mapping® skin analysis, and are delivered by Dermalogica PRO-trained practitioners.

### Dermalogica ProSkin Treatments

- **ProSkin 60 – Custom Dermalogica Facial**  
A fully customised skin health treatment tailored to hydration, sensitivity, acne, ageing, or pigmentation concerns.
- **ProSkin 30 – Express Dermalogica Facial**  
A targeted treatment focusing on a specific skin concern when time is limited.

### Targeted Dermalogica Skin Treatments

- **Dermalogica Acne Clearing Treatment**  
Designed to support breakout-prone and congested skin using professional actives and calming techniques.
- **Dermalogica Calming & Barrier Repair Treatment**  
Focused on sensitive, reactive, or compromised skin to restore comfort and skin barrier function.
- **Dermalogica Brightening Treatment**  
Targets dullness and uneven tone to improve clarity and luminosity.
- **Dermalogica Advanced Resurfacing Facial**  
An advanced exfoliation-based treatment using professional Dermalogica exfoliants to smooth texture and refine skin tone. (Not a chemical peel.)

### Dermalogica + Technology

- **Dermalogica ProSkin with LED Light Therapy**  
Combines targeted Dermalogica treatment with LED therapy to support skin repair, acne management, and collagen stimulation.

### Ongoing Skin Health

- **Dermalogica Skin Health Consultation**  
In-depth consultation and Face Mapping analysis with personalised treatment and home-care recommendations.

Advanced Dermalogica skin resurfacing programmes and professional peel treatments will be introduced soon.

*"In the hands of registered professionals, beauty becomes more than skin deep - it radiates with confidence, lasts with care, and glows with the timeless essence of youth"*

*(Rebecca Beckett , RN, DipHe, BSc(hons) (2025)*
